3rd NEREID General Workshop

2018/02/16

Schedule:

June 14-15, 2018
directly after the
FTP-Workshop ^[1]
on June 11-14, 2018

Location:

Hotel Pullman Timi Ama ^[2],
viale dei Ginepri 3
Villasimius
(close to Cagliari, Sardegna)

General Workshops in NEREID did involve all technology sectors, and allowed for synergies among different topics and roadmap coordination. Specific application requirements have also been included, based also on the progress of the roadmap and the evolution of technology. The General Workshop has build on the consolidated ITRS procedure of having two day meetings with some time dedicated to bilateral meetings among specific domains and plenary sessions to ensure coordination with specific application sectors. Three plenary sessions have, respectively, opened the Workshop to clearly define the goals and close it with a recap the progress on each domain. Use of professional facilitators has been used to improve the dialogue between applications and technology experts.
