NEREID presents its final Roadmap

Fri, 2018/12/14

The H2020 project NEREID finished and released its final result: The NEREID roadmap on the future of European Nanoelectronics

Hannover ... December 14, 2018: The NEREID project ("NanoElectronics Roadmap for Europe: Identification and Dissemination") has introduced the final version of its roadmap on the future of European nanoelectronics on November 21, 2018, at the EFFECS 2018 in Lisbon. This announced final version of...

H2020 project NEREID has been launched to map the future of European Nanoelectronics

Tue, 2016/02/16

The NEREID project ("NanoElectronics Roadmap for Europe: Identification and Dissemination") has been officially launched on Nov. 30th, 2015 in Berlin with its Kick-off meeting.

NEREID is a Cooperation and Support action that has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 685559, with the objective to develop a roadmap for the European Nanoelectronics industry, starting from the needs of applications...
